The Q Foundation

For Attention: Mrs. Helen Snyder

RE: THANK FOR SUPPORT

On behalf of our school we would like to express our heartfelt thanks for the contribution you and the Foundation have made in ensuring that we develop a brighter future for our learners. As you are aware we are ten years into our new democracy but the legacy of Apartheid will remain with us for many years. It will be through programmes like PEER that we will be able to **‘liberate our minds from the bondages of mental inferiority’**.

The impact has been profound and I would like to quote two of the staff members that were part of the training.

**Sean Abrahams – Deputy Principal** – ‘to succeed you need something to hold on to, something to motivate you and something to inspire you. The PEER experience has been a inspirational and motivational at a time of confusion with the transition in our Educational system. We have decided to expand this programme beyond the pilot group that was trained!’

**Pauline Davashe – Grade 3 Pilot Educator in the programme** – ‘Helped me to identify challenges that learners experience and, I now have a tool to intervene.’

Once again thank you and we know that your impact will have a profound impact on the future of the country.

Yours in global partnerships  
Bruce Damons - Principal
